NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: War Child USA Inc. (the "Organization") is a New York domiciled corporation. The Organization is exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. The Organization was established for the purpose of bringing relief to persons anywhere in the world who are suffering hardship, sickness or distress as a result of war and, in particular, to bring such relief to children who are suffering. The Organization's additional objective is to advance education of the public on the effects of war, and especially the effects of war on children.

Basis of Accounting: The financial statements of the Organization have been prepared on the accrual basis of accounting. The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP). The Organization's significant accounting policies are as follows:

Financial Statement Presentation: The Organization reports information regarding financial position and operations according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. At December 31, 2023 and 2022, the Organization had no net assets with donor restrictions.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of operations and changes in net assets.

Accounts Receivable: Accounts receivable are stated at the invoice amount less an allowance for doubtful accounts. On a periodic basis, the Organization will evaluate its accounts receivable and establish an allowance for doubtful accounts as needed. U.S. GAAP requires the establishment of an allowance for doubtful accounts, however, no allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

Prepaid expenses: Prepaid expenses are recorded when the invoice is paid in full for expenses in future periods.

Revenue Recognition: Donations and pledges which are unrestricted are recorded in the financial statements as revenue when received. Donations and grants designated for specified programs and events are recognized as revenue in the year in which the related expenses are incurred.

Advertising: Advertising costs are charged to operations when incurred. Advertising expense for the year ended December 31, 2023, amounted to \$12,837 (\$2,267 – 2022).

Expense Recognition and Allocation: Expenses were allocated by management according to specific identification. Management and general expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Organization. Fundraising costs are expensed as incurred, even though they may result in contributions received in future years.

Monetary assets and liabilities that are denominated in foreign currencies are translated at the exchange rate in effect as of the statements of financial position date.
